CORPORATION COMMISSION
OF OKLAHOMA

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant is Applicant is Avalon Oil and Gas III, LLC, 15 West 6th Street, Suite 2300, Tulsa, Oklahoma, 74119. The parties being named as respondents to this Application are listed on Exhibit "A" attached hereto and made a part hereof.

2. Allegation of Facts:

a. Applicant alleges that the lands in the caption hereof overlie the actual or prospective common sources of supply named below; that Applicant owns oil and gas interests in the area covered by this Application which entitle Applicant to drill for and produce oil and gas from the lands covered by the Application; that the protection of correlative rights and the prevention of waste require that proper drilling and spacing units and well locations be established therefore:

<u>COMMON SOURCE OF SUPPLY</u>	<u>CLASSIFICATION</u>	<u>DEPTH</u>
Woodford	Oil	9,500'
Hunton (less Chimney Hill)	Oil	9,900'

b. That a 640-acre horizontal drilling and spacing unit should be established for the **Woodford and Hunton (less Chimney Hill)** common sources of supply as set out below.

Payor: AVALON OIL AND GAS III, LLC

c. That the permitted well in the drilling and spacing unit requested herein is necessary to effectively and efficiently drain the portion of the common source of supply (reservoir) covered by such drilling and spacing unit, there being no existing well within the drilling and spacing unit which can effectively and efficiently drain the portion of the common source of supply (reservoir) covered by such drilling and spacing unit.

d. Applicant has conducted a diligent and meaningful search of the local county assessor's records, county treasurer's records, and county deed records regarding the property involved for return addresses on recorded instruments, county probate records and city and county telephone directories and other sources of such information to locate each respondent.

3. Legal Authority: Title 52, Section 87.1, O.S.

4. Relief Sought: That Applicant requests that the Commission enter its order **extending Order No. 643868** insofar as it established a 640-acre horizontal drilling and spacing unit for the **Woodford and Hunton (less Chimney Hill)** common sources of supply underlying Section 30, Township 3 South, Range 2 West, Carter County, Oklahoma to include Section 32, Township 3 South, Range 2 West, Carter County, Oklahoma. The Hunton (less Chimney Hill) common source of supply is a conventional reservoir and the completion interval for a conventional reservoir in a horizontal well unit shall be located not less than 660 feet from the boundary of the 640-acre horizontal unit. The Woodford is an unconventional reservoir and the completion interval for the Woodford common source of supply in a horizontal well unit shall be located not less than 330 feet from the boundary of the 640-acre horizontal unit.

There is no production from any non-horizontal well in the unit.

The horizontal well unit may exist concurrently with any previously formed non-horizontal drilling and spacing unit, or any part thereof, and each such unit may be separately developed in that a well may be drilled into, completed in and produce hydrocarbons from the same common source of supply in each such concurrently existing unit with production from such well to be governed by and allocated pursuant to the applicable unit. Therefore, the following orders are not being vacated:

Order No. 221542 insofar as it established 160-acre drilling and spacing units for the Hunton common source of supply underlying the S/2 Section 32, Township 3 South, Range 2 West, Carter County, Oklahoma; and

Order No. 562736 insofar as it established a 160-acre drilling and spacing unit for the Hunton and Woodford common sources of supply underlying the NE/4 Section 32, Township 3 South, Range 2 West, Carter County, Oklahoma.

5. Special Provision: The relief requested herein may be made effective prior to the issuance of this Order.

WHEREFORE, Applicant prays that after notice and hearing as required by law, the drilling and spacing unit as requested by Applicant, with appropriate well locations and exceptions thereto, be ordered.

Respectfully submitted,
