APPLICATION

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant, Le Norman Operating LLC, 4700 Gaillardia Parkway, Suite 200, Oklahoma City, OK 73142, is the owner of oil and gas leasehold interests within the lands described in the caption hereof. The Respondents to this Application are shown on the Exhibit "A" attached hereto.

2. Allegation of Facts:

a. Under the provisions of Oklahoma Corporation Commission Oil and Gas General Rule:165: 10-3-28(c)(2)(b) a horizontal wellbore must be located not less than 600 feet from any other producible or drilling oil and gas well in the same common source of supply that is 2,500 feet or more in depth.

b. Applicant intends to drill a horizontal well to the Cleveland common source of supply in the above-described unit. Also located within the above-described unit is the Sharon 2H-18 well, which well produces from the Cleveland common source of supply, and is operated by Applicant herein.

c. Applicant's well is projected to be no closer than 400 feet from the Sharon 2H-18 well.

d. The placement of the proposed well as set forth in paragraph 2c above will have no significant impact upon the Sharon 2H-18 well. However, the location as requested will maximize recovery of hydrocarbons within the unit, thereby preventing waste.

e. Applicant should therefore be granted an exception to Rule:165: 10-3-28(c)(2)(b) in order that Applicant's Sharon 3H-18 well may be situated closer to the Sharon 2H-18 well than as specified in the rules.
