APPLICATION

COURT CLERK'S OFFICE - TULSA
CORPORATION COMMISSION
OF OKLAHOMA

COMES NOW Applicant and shows the Honorable Corporation Commission as follows:

1. Parties: Applicant is Newfield Exploration Mid-Continent Inc., One Williams Center, Suite 1900, Tulsa, Oklahoma 74172. The parties being named as respondents to this Application are listed on Exhibit "A" attached hereto and made a part hereof.

2. Allegation of Facts:

a. Applicant alleges that the lands in the caption hereof overlie the actual or prospective common sources of supply named below; that Applicant owns oil and gas interests in the area covered by this Application which entitle Applicant to drill for and produce oil and gas from the lands covered by the Application; that the protection of correlative rights and the prevention of waste require that proper drilling and spacing units and well locations be established therefore:

<u>COMMON SOURCE OF SUPPLY</u>	<u>CLASSIFICATION</u>	<u>DEPTH</u>
Mississippian	Oil	7,868'
Woodford	Oil	8,270'
Hunton	Oil	8,354'

b. That 640-acre horizontal drilling and spacing units should be established for the **Mississippian, Woodford and Hunton** common sources of supply as set out below.

c. That the permitted well in each drilling and spacing unit requested herein is necessary to effectively and efficiently drain the portion of the common source of supply (reservoir) covered by such drilling and spacing unit, there being no existing well within the drilling and spacing unit which can effectively and efficiently drain the portion of the common source of supply (reservoir) covered by such drilling and spacing unit.

d. Applicant has conducted a diligent and meaningful search of the local county assessor's records, county treasurer's records, and county deed records regarding the property involved for return addresses on recorded instruments, county probate records and city and county telephone directories and other sources of such information to locate each respondent.

3. Legal Authority: Title 52, Section 87.1, O.S.

4. Relief Sought: That Applicant requests that the Commission enter its order **extending Order No. 640127** insofar as it established a 640-acre horizontal drilling and spacing unit for the **Mississippian, Woodford and Hunton** common sources of supply underlying Section 21, Township 14 North, Range 6 West, Canadian County, Oklahoma to include Sections 27 and 34, Township 14 North, Range 6 West, Canadian County, Oklahoma. The Mississippian and Hunton common sources of supply are conventional reservoirs and as such the completion interval for a horizontal well in a horizontal well unit shall be located not less than 660 feet from the boundary of any 640-acre horizontal unit. The Woodford common source of supply is an unconventional reservoir and pursuant to OAC 165:10-29-2 the completion interval of a horizontal Woodford well drilled in a horizontal well unit shall be located not less than 165 feet from any north/south unit boundary and not less than 330 feet from any east/west unit boundary.

BOGO Energy Corporation operates the Allison 1-27 well, API #017-22909, located in the SE/4 NW/4 Section 27, Township 14 North, Range 6 West, Canadian County, Oklahoma which is producing from the Mississippian and Hunton common sources of supply.

The horizontal well unit may exist concurrently with any previously formed non-horizontal drilling and spacing unit, or any part thereof, and each such unit may be separately developed in that a well may be drilled into, completed in and produce hydrocarbons from the same common source of supply in each such concurrently existing unit with production from such well to be governed by and allocated pursuant to the applicable unit. Therefore, the following orders are not being vacated:.

Order No. 284410 insofar as it established 80-acre standup drilling and spacing units for the Hunton Lime common source of supply underlying Section 27, Township 14 North, Range 6 West, Canadian County, Oklahoma;

Order No. 114554 as corrected by 114776 insofar as it established 80-acre standup drilling and spacing units for the Mississippi common source of supply underlying Section 27, Township 14 North, Range 6 West, Canadian County, Oklahoma; and

Order No. 124537 as corrected by 130229 insofar as it established 160-acre drilling and spacing units for the Hunton and Mississippi common sources of supply underlying Section 34, Township 14 North, Range 6 West, Canadian County, Oklahoma.

5. Special Provision: The relief requested herein may be made effective prior to the issuance of this Order.

WHEREFORE, Applicant prays that after notice and hearing as required by law, the drilling and spacing unit as requested by Applicant, with appropriate well locations and exceptions thereto, be ordered.

Respectfully submitted,
